### Guarantee:

It is understood that, at the time of sale, this puppy has been evaluated by the breeder with respect to other representatives of the breed at approximately the same age and has been determined to be structurally and temperamentally suited to be a companion, hunting, and / or obedience dog. This does not necessarily imply that the dog is of breeding or show quality. This puppy is guaranteed to be healthy upon delivery to the buyer, and a full refund will be given for any puppy found to be unhealthy within 30 days of purchase, provided the following is met:

The puppy must be examined by a veterinarian of the buyer’s choice within Three (3) days. If the puppy is found to be ill, the breeder is to be notified within 24 hours and a refund of the purchase price will follow the return of the puppy and all papers to the breeder, including a written statement from the attending veterinarian stating the dog’s condition. During the remainder of the initial 30-day period, the buyer shall maintain the puppy’s schedule of inoculations and shall initiate heartworm medication according to the schedule recommended by the veterinarian. The next set of puppy shots is due on \_\_\_\_\_. We recommend that you discuss types of heartworm medicines with your Vet.

We guarantee that each puppy will be certified by the Orthopedic Foundation for Animals (OFA) and the Canine Eye Registration Foundation (CERF) up to 26 months of age. In the instance that it is not, a replacement will be given as soon as one is available, or a refund of 50% of the purchase price will be given at the breeder's option. If the dog

has been bred or is over the age of 26 months this portion of the agreement is VOIDED. It is not necessary to return the dog to the breeder or have the dog destroyed to collect on this agreement; however, the dog must be neutered or spayed with proof of same provided to the breeder in writing from your veterinarian.

If the dog is used heavily for field trialing, open obedience, hunting, or any other strenuous activity prior to its being one year of age, environmentally induced dysplasia and other joint problems may develop. If these occur, it is left to the breeder's discretion to honor this agreement. The buyer should also educate himself to proper nutrition of the dog so as not to induce joint problems by either lack of nutrition or by causing an overweight condition in a developing dog.

The BREEDER does not assume any liability for any injury to said puppy after delivery.

**Vaccinations:**

All appropriate shots for PUPPY'S age have been given, and a record of this vaccination history is supplied.

The BUYER agrees to maintain the puppy's health in good condition, and to provide yearly examinations, vaccinations, heartworm test, and any other usual procedures necessary to assure good health.

**Return Agreement:**

The BUYER hereby agrees that if at any time the BUYER cannot take proper care of the Labrador Retriever, the BUYER must contact the BREEDER and the BREEDER will have the first choice to either: (a) take the Labrador back or (b) assist the BUYER in finding a suitable home for the Labrador.

The BUYER agrees to notify the BREEDER of any changes of address during the PUPPY'S lifetime.

**Other Provisions:**

The buyer agrees to provide a suitable environment for this dog and will not allow it to run loose in an unsupervised situation. The buyer agrees to not leave this dog in a car in hot temperatures without adequate ventilation and shade, or allow it to be transported in the back of an open vehicle without being confined in a kennel crate.
